

1st WG/CG meeting in Ljubljana March 20th – 22nd 2017

SLOVENIA

Total area of Slovenia is 20.273 km² with 10.000 km² of forest

46 km of coastline

It translates as „The Loved One“.

There is a vineyard or winery on every 70 people.

The world's oldest vine, at least 400 years old, located in town Maribor.

There are over 400 Brown bears in Slovenia.

The Lipizzaner horse stud, Lipica, was established in 1580 in Slovenia

If couples marry at the church on Bled Island the groom must carry the bride up the 99 steps.

Who is Manja Zupan?

Who is Manja Zupan?

Master degree in Animal Science, Slovenia, Germany

Prof. Jutta Berk

Federal Research Institute for Animal Health, Celle

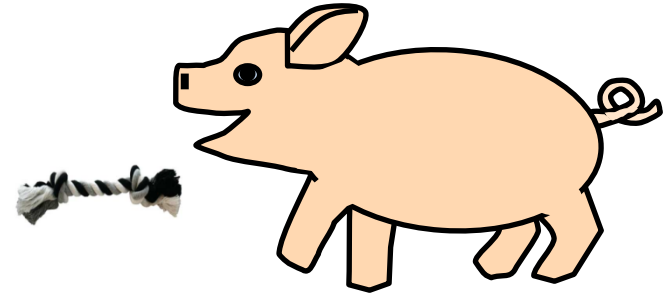

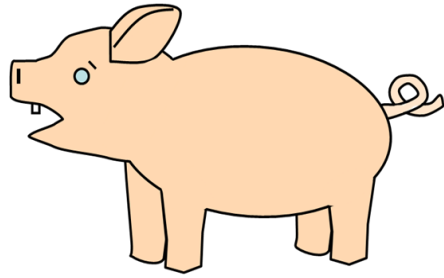

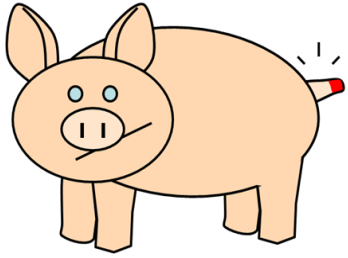

PhD in Animal Science, Slovenia, Switzerland

Prof. Beat Huber-Eicher

Federal Food safety and Veterinary Office, Zollikofen, Bern

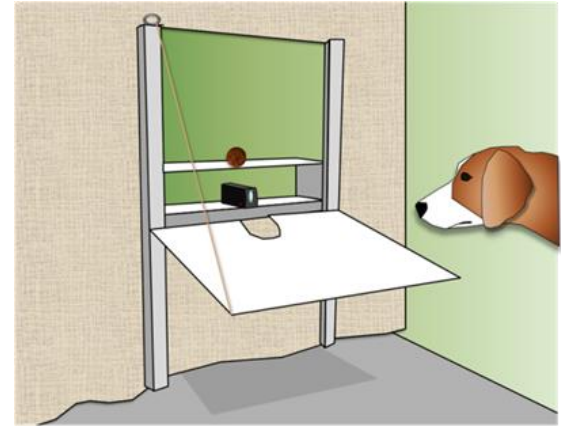

Drawing by Yezica Norling

Prof. Adroaldo J. Zanella

Norwegian School of Veterinary Science,
Oslo, Norway

Prof. Linda Keeling

Swedish University of Agricultural Sciences (SLU), Uppsala, Sweden

Drawing by Yezica Norling

Cognitive abilities in chickens

Personal traits in Lippizaner horses

Topics of my students

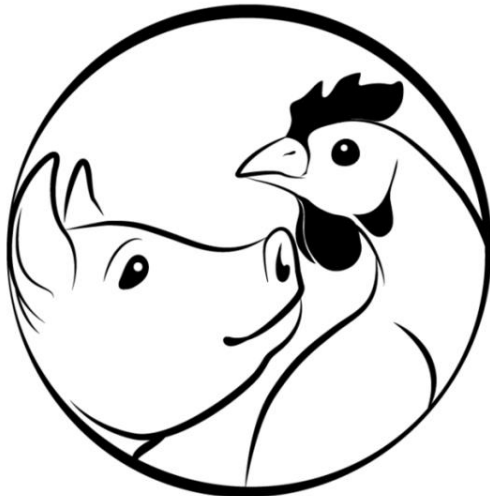

Maternal behaviour and cognitive tasks in Slovenian goat

Personal traits in cats

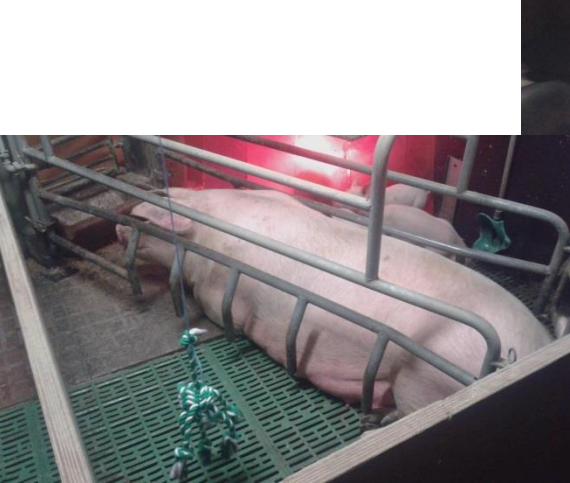

First Animal welfare project in *Slovenia* (2016-2018)

DoPiP

- First detailed insight into the state of welfare on the commercial farms of poultry (**broilers and laying hens**) and **pigs** in conventional and alternative housing systems
- Innovative approaches to reduce feather pecking as the use of repellents in laying hens and by testing different ways of creating groups of pigs before and after weaning.
- Keel bone damage will be monitored in the various housing systems in commercial laying hen flocks (dead animals).

Monitoring indicators of stress

Hockley D., 2008

- Choirs
- Folklore Group
- Slovenian food
- Accordionist
- Chicken farm
(cca. 25 km from here)

WELCOME!

Open mind for different views
